Community Health Improvement Plan

Goal	Strategies	Who is responsible?	When? (Timeline)
Decrease/maintain BMI of 200 students in the class of 2022 in Clinton County by 2015	Start to track BMI of Clinton Community schools 1st grader in spring of 2011 and ongoing for 5 years	Healthy lifestyle coalition	6/30/2015
	Work with community partners to promote available opportunities in the county for physical activity and healthy eating that help development habits for a healthy lifestyle		
	Promote state-wide initiative "Go the Distance" Day for all schools in Clinton County		

Goal	Strategies	Who is responsible?	When? (Timeline)
Maintain/Decrease the number of subsequent pregnancies in young women under 20 by 2015	Use stats collected at Mercy Hospital in Clinton that include age of mothers that have delivered and number of subsequent pregnancies.	Community Partners- Mercy, Genesis VNA, CSAC, WIC	June, 2015
	Education pregnant teenagers of healthy lifestyle habits example the low perception of harm that alcohol causes during pregnancy, good nutrition, coping skills, birth control methods... by working with local providers of education to pregnant teens and distribute information on these subjects.		
	Create a social marketing campaign that promotes abstinence from substance abuse as a way to avoid unplanned sex and its consequences		

Goal	Strategies	Who is responsible?	When? (Timeline)
Increase Clinton County's Medical Community Awareness of Prescription Drug Abuse by 85% by June,2015	Survey CC medical community on their awareness of prescription drug abuse and use of prescription drug monitoring program prior to starting education session and post survey at end of goal period	CAAD	June, 2015
	Increase use of the prescription drug monitoring program in Clinton County by providers, pharmacy, and law enforcement * by providing education session for providers and pharmacy on the prescription drug monitoring program		
	Social marketing campaign- develop tool to educate on alternative pain therapies and consequences of prescription drug abuse- physically, mentally, and legally that providers can use
